PUBLIC POLICY DAY SUMMIT

March 23 & 24, 2009
Sheraton Grand Hotel, Sacramento

Women business owners making a difference!

Important business and legislative issues facing business in California.

Annually, the leaders of the California chapters meet in Sacramento with California's legislators about issues that affect our businesses and the California economy. We expect 60+ chapter and community leaders to attend. This event includes a 4-hour visit to the California Delta region on Monday to learn about the water crisis in the state, hosted by the Metropolitan Water District (MWD), and a four-hour morning conference and luncheon to learn about the many issues impacting business in California on Tuesday, March 24th. The Summit concludes with afternoon visits with legislators at the Capitol building.

Things You Should Know About:

- AB32, a bill that is going to improve our environment is also going to increase our business expenses - can we afford it?
- Workers Comp rates are going to go up by 8.9% in 2009!
- We are months away from an all-out drought with water rationing!
- How much could Universal Health Care cost Business Owners?
- California is in a fiscal crisis!

How will these issues impact your business this year?
